Forwarding Publication Application****	0	-
Forwarding Patent Certificate	50	-
Annuity fee*****	schedule	schedule
Filing request for time extension (if applicable)	100	-

* Provided should be: English application text in word, name and address of applicant and inventors, gender indication of each inventor (Ms. or Mr.). If priority is to be claimed: DAS code or hard copy of Certified Priority document, English translation of Certified Priority Document.

**A Search Request is obligatory. For a Dutch filing claiming priority, a national search is sufficient and advised; for a Dutch first filing intended as priority right for later filings, an international search is advised as this can be used in the international procedures.

*** If the application text and/or inventorship is not the same as of the Original Priority Document.

**** Application is published only if grant is later than 18 months from filing/priority

***** Annuity fees are payable as from three years after filing (next page).
